

Changing positions between sitting and standing helps
you burn calories and work better.

坐站交替 自在随心
燃烧卡路里+提高工作效率

为健康办公而生，坐站交替办公能风靡硅谷不无原因，久坐伤身，还导致脑部供血不足，反应变慢，适当站立有助恢复血液活力，提升工作效率，没有灵感，不妨站一会儿

Born for a healthy office, alternate sitting and standing office can be popular in Silicon Valley for a reason; Sitting for a long time hurts the body, and also leads to insufficient blood supply to the brain, slowing down the reaction. Proper standing can help restore blood vitality and improve work efficiency. If you have no inspiration, you might as well stand for a while

- 三节升降桌腿
- 升降速度38mm/s
- 噪音数据<50分贝

Height-adjustable Desk

MAX18是一系列实用新颖的办公桌，它大胆创新的站坐交替式设计，给高效办公带来新的体验。凭借着新颖独特的升降设计，充分展现人体工程学原理，让用户在几秒钟内，就可以灵活地从坐姿流畅过渡到站姿。

这种从坐姿到站姿的动作转变，能有效缓解用户久坐的疲劳，提升工作效率。站坐交替式办公桌符合人体力学设计，是未来办公家具发展的新趋势！

MAX18 is a series of practical and novel desks. Its bold and innovative stand-sit alternate design brings a new experience to efficient office. With the novel and unique lifting design, it fully demonstrates the principles of ergonomics, allowing users to flexibly transition from a sitting position to a standing position within a few seconds;

This movement change from a sitting posture to a standing posture can effectively relieve the user's fatigue from sedentary sitting and improve work efficiency. Alternative standing and sitting desks conform to the ergonomic design, which is a new trend in the development of future office furniture

Sit-stand for your healthy!

外置无线充 External Wireless Charger

弹簧走线管 Spring Line Pipe
